Software Development Intern (Fresher)

Location: Remote

About the Role:

We are looking for a Software Development Intern who is passionate about programming, problem-solving, and web development. The candidate will contribute to software projects, improve coding skills, and work on real-world development tasks.

Responsibilities:

- Develop and maintain web applications.
- Write clean, efficient, and maintainable code.
- Implement front-end features using HTML, CSS, and JavaScript.
- Solve programming and algorithmic challenges.
- Debug and optimize applications.
- Collaborate with team members on software projects.
- Participate in code reviews and testing activities.

Required Skills:

- C++
- Python
- HTML
- CSS
- JavaScript
- Data Structures and Algorithms
- Object-Oriented Programming
- Problem Solving
- Debugging

Preferred Skills:

- Git & GitHub
- Machine Learning Fundamentals
- Full Stack Development Concepts

Eligibility:

- Pursuing B.Tech/B.E. in Computer Science, Data Science, IT, or related field.
- Strong understanding of programming fundamentals.
- Interest in software engineering and web development.

Benefits:

- Hands-on development experience.
- Mentorship from experienced developers.
- Internship Certificate.
- Opportunity to work on real-world projects.
